

Midnight – Sprint 3 Report

June 8, 2024

Sprint 3 Completion – 100%

Overall Project Completion – 50%

Short Description:

- Sprint 3 focuses on improving the setup profile and profile modules. This includes the header component, displays, backend, and edit profile. Up next, view artwork and artwork management modules.

Sprint Retrospective:

- *What went well?*

All tasks for this sprint are done well. And we are getting closer in accomplishing the project!

- *What could be improved?*

Sprint 3 went well, consistency in getting these tasks done is encouraged.

- *What needs to be done?*

After carefully developing the profile and profile management modules, view artwork and artwork management modules are the next things to settle.
